ARKETIPO / INDOOR-EN

ROXY

designed by Giuseppe Vigano' 2016

STRUCTURE: metal.

PADDING: non-deformable polyurethane of varied densities (T40P + HD60 + PF40P/FR) covered with coupled synthetic lining 6mm.

QUILTED BACK AND PIPING: available in fabrics and leathers of Arketipo collection, excluded the following collections: Duchess, Fusion, Mousse, Moiré, Deep, Dynamo, Topaz and leather Pelle Leonardo. It is possible to use colours or materials different from the rest of the cover, with an extra charge. The piping is in the same finish as the quilted back.

ATTENTION: striped and emblossed fabrics are not suitable. The use of thick and patterned fabrics is not recommended because the cross seams will not show up against the cover. The whole cover is removable.

SEAT HEIGHT: 41 cm

SWIVEL BASE: micaceous brown or oxy grey stained metal.
